

Carnivore Scavenger Hunt

This is a different kind of scavenger hunt. Instead of collecting or gathering various items like you would in a regular scavenger hunt, you will write down the items that you see.

Listed below are 11 animals or facts for you to collect. Write or list your answers beside each description. Remember, all of these questions relate to carnivores exhibited here at the Sedgwick County Zoo.

1. _____ live in groups called prides.
2. The _____ is the only cat at our zoo that cannot roar.
3. The _____ is the largest carnivore exhibited at the Zoo.
4. The leopard is hunted by poachers for its _____.
5. A special characteristic that helps cats in their ability to hunt and climb is their _____ claws.
6. The _____ can be distinguished by the spots within the rosettes on its coat.
7. The _____ can leap 18 feet straight up a cliff or 30 feet horizontally.
8. The African hunting dog is a _____ hunter.
9. _____ are the most social cats.
10. The _____ is technically considered a small cat.
11. In the wild, there are fewer than 50 _____, but zoos have helped to increase their numbers in captivity.
12. The _____ is a carnivore that is being released into to the wild in an effort to repopulate the species.
